## **PROHIBITION OF DUAL ENROLLMENT**

The purpose of this policy is to articulate Oquirrh Mountain Charter School's position on dual enrollment for private school and home schooled students.

Notwithstanding Utah Code Ann. § 53A-11-102.5, which allows students enrolled in a public school to be dually enrolled in a private or home school, Oquirrh Mountain Charter School (OMCS) shall NOT allow dual enrollment of students enrolled in a private school or home school.

Furthermore, in an effort to provide maximum opportunity to students enrolled at OMCS, students enrolled in a private school or home school will not be eligible for participation in extracurricular activities, special services, or any other program sponsored, administered, or otherwise paid for by OMCS.
